### EXPERIENCE

---

#### Video Editor & Shoot Director · Impress Video

2022 - Present

- Lead Instagram content strategy across three pillars (comedy and reach, education, and business authority): writing scripts, building shot lists and editing the cuts, with posts reaching hundreds of thousands of views.
- Produce branded and commercial video across healthcare, dental, fitness, lifestyle, charity and digital media - from multi-day campaign shoots to social-first cuts.
- Own projects end-to-end: scripting, storyboarding, casting, on-set logistics and directing through to delivery.
- Develop social-first content formats including short presenter-led pieces, sub-30-second educational cuts and music-synced comedy.
- Trusted to run shoots independently and manage senior client relationships across the full project lifecycle.

#### Freelance Video Editor & Content Creator · Self-employed

2016 - 2022

- Produced and edited content for YouTube channels, Twitch streamers, TikTok creators and small businesses, including content reaching 200,000+ views.
- Managed end-to-end production: filming, editing, scheduling and channel management for clients across multiple niches.
- Built the craft from the ground up, turning teenage YouTube videos into a paying client base.

### SIDE PROJECTS

---

**GimbalGuard:** Commercial Premiere Pro plugin that speeds up the edit by analysing gimbal footage and surfacing the cleanest takes automatically. Built and shipped from scratch.

**ClipSync:** Premiere Pro plugin that handles multi-cam audio sync inside the timeline, removing a slow manual step from the edit.

**Other builds:** Custom tools for Twitch streaming workflow and personal file management.
